Amazing Experience. Room Rain at MoMA NY opens this Sunday. From May 12 to July 28, 2013 you can enjoy this different experience at MoMA, 11 West 53 Street, New York. If you have the chance, don't miss it, it's worth!

Have you ever walked in a downpour without getting wet? The immersive environment Rain Room allows you to do just that. Using digital technology, a field of falling water pauses wherever a human body is detected, offering visitors the experience of controlling the rain, as well as a peaceful atmosphere of contemplation. Designed by the collective Random International, and their largest and most ambitious project to date, Rain Room is a major component of EXPO 1—MoMA PS1's festival of exhibitions, a school, a colony, a cinema, and more. Don't miss the U.S. premiere of this monumental installation.

The exhibition is made possible by a partnership with Volkswagen of America.
