

Designer

Random International are currently looking for a talented designer to join our team. The successful candidate will be involved in the concept development, detail design, production, assembly, installation and ongoing maintenance of the studio's artworks.

Requirements

- Degree in mechanical design, product design, or similar qualification
- 1-2 years experience working in a design and development environment
- Materials knowledge and working knowledge of different manufacturing processes
- Working knowledge of design process, design, and engineering principles
- Good hands-on workshop experience
- Experience with 3D CAD (preferably Solidworks) and rendering
- Ability to work as part of a team and independently
- Keen interest in varied and challenging work

To apply, please send an up-to-date CV, covering email specifying the role you are applying for, and a PDF portfolio (no more than 5MB) to work@random-international.com by midnight 6th November.
